

Adrian Clin Marinescu

Technical Skills

- JavaScript, ReactJS
- HTML, CSS, Bootstrap
- TypeScript, AngularJS
- Git, REST APIs

Foreign Languages

- English: C1
- Spanish: B2
- French: A2

Education

- University Name: Polytechnic University of Bucharest
- Program Duration: 4 years
- Master Degree Name: Polytechnic University of Bucharest
- Program Duration: 2 years

Certifications

- Microsoft Certified: Azure Fundamentals
- Certified JavaScript Developer

Project Experience

1. Interactive Web Application for Local Events

Developed an interactive web application to showcase local events using ReactJS and Bootstrap for the frontend. Implemented dynamic content rendering and user-friendly interfaces, enhancing

user engagement by 25%. Integrated REST APIs to fetch real-time event data and utilized Git for version control and collaboration. Technologies and tools used: ReactJS, Bootstrap, REST APIs, Git.

2. Task Management System

Built a task management system with AngularJS and TypeScript, focusing on efficient task tracking and collaboration. Designed a responsive UI using HTML and CSS, ensuring cross-platform compatibility. Implemented RESTful services to enable seamless data exchange between the client and server, improving task update speed by 30%. Technologies and tools used: AngularJS, TypeScript, HTML, CSS, REST APIs, Git.
