- Participate in code reviews to maintain high-quality code and ensure best practices.
- Troubleshoot and resolve technical issues in a timely manner.
- Contribute to the continuous improvement of development processes and methodologies.
- Stay updated with emerging technologies and industry trends to enhance your skills and contribute to the team.

Required Qualifications:

- Bachelor's degree in Computer Science, Information Technology, or a related field.
- Basic understanding of front-end technologies, such as HTML, CSS, and JavaScript.
- Familiarity with back-end programming languages like Python, Java, or Node.js.
- Knowledge of database systems such as MySQL, PostgreSQL, or MongoDB.
- Ability to work collaboratively in a team environment and communicate effectively.
- Strong problem-solving skills and attention to detail.

Preferred Skills:

- Experience with front-end frameworks such as React, Angular, or Vue.js.
- Understanding of RESTful APIs and web services.
- Familiarity with version control systems, particularly Git.
- Exposure to cloud platforms like AWS, Azure, or Google Cloud.
- Basic knowledge of DevOps practices and tools.

Benefits:

- Competitive salary with performance-based bonuses.
- Comprehensive health, dental, and vision insurance plans.
- Opportunities for professional development and career advancement.
- Flexible work hours and the possibility of remote work.
- A supportive and inclusive company culture that values diversity and innovation.
