Andrei Mircea Stancu

Technical Skills

- JavaScript, ReactJS
- HTML, CSS
- TypeScript, AngularJS
- Bootstrap, VueJS
- Figma, Adobe XD

Foreign Languages

- English: C2

- Spanish: B1

- French: B2

Education

- University Name: University of Bucharest

- Program Duration: 4 years

- Master Degree Name: University of Bucharest

- Program Duration: 2 years

Certifications

- Meta Front-End Developer Professional Certificate
- Google UX Design Professional Certificate

Project Experience

1. Interactive Portfolio Website

Developed an interactive portfolio website using HTML, CSS, and JavaScript to showcase

personal projects and skills. Utilized ReactJS to create dynamic components and ensure a seamless user experience. Integrated responsive design principles with Bootstrap to enhance accessibility across various devices. The project was part of an academic assignment, demonstrating proficiency in front-end development and design tools like Figma for mockups.

2. Task Management Web Application

Created a task management web application during an internship, employing TypeScript and AngularJS for robust front-end development. Designed the user interface with VueJS and Bootstrap, focusing on intuitive navigation and user-friendly features. Collaborated with a team to implement real-time updates and notifications, enhancing productivity and user engagement. This project allowed for practical application of skills gained through the Meta Front-End Developer Professional Certificate.

3. UX Design for a Social Media Platform

Designed the user experience for a conceptual social media platform as part of a capstone project for the Google UX Design Professional Certificate. Used Figma and Adobe XD to create wireframes and interactive prototypes, ensuring a cohesive and engaging user journey. Conducted user testing sessions to gather feedback and iteratively improved the design based on insights. The project emphasized the importance of user-centered design and effective collaboration with developers to bring the vision to life.
