Job Title:
Machine Learning Engineer UI/UX Designer

Company Overview:
InnovateTech Solutions is a leading technology firm dedicated to developing cutting-edge software solutions that transform industries and enhance user experiences. Our team is passionate about leveraging the latest technologies to create intuitive and impactful products. We foster a collaborative and inclusive work environment where creativity and innovation thrive.

Key Responsibilities:
- Collaborate with cross-functional teams to design and implement user-friendly interfaces for machine learning applications.
- Conduct user research and usability testing to gather insights and refine UI/UX designs.
- Develop wireframes, prototypes, and high-fidelity designs that align with user needs and business goals.
- Integrate machine learning algorithms into user interfaces to enhance functionality and user experience.
- Ensure designs are responsive and optimized for various devices and platforms.
- Stay updated with the latest UI/UX design trends and machine learning technologies to continuously improve product offerings.
- Provide feedback and guidance to developers during the implementation phase to ensure design fidelity.

Required Qualifications:
- Bachelor's degree in Design, Human-Computer Interaction, Computer Science, or a related field.
- Proven experience as a UI/UX Designer with a strong portfolio showcasing design projects.
- Proficiency in design tools such as Adobe Creative Suite, Sketch, Figma, or similar.
- Solid understanding of machine learning concepts and their application in UI/UX design.
- Strong problem-solving skills and attention to detail.
- Excellent communication and collaboration skills.

Preferred Skills:
- Experience with front-end development languages such as HTML, CSS, and JavaScript.
- Familiarity with data visualization techniques and tools.
- Knowledge of accessibility standards and best practices.

- Experience working in an Agile development environment.
- Ability to conduct A/B testing and analyze user feedback to drive design decisions.

Benefits:

- Competitive salary and performance-based bonuses.
- Comprehensive health, dental, and vision insurance plans.
- Flexible working hours and remote work options.
- Professional development opportunities and support for continuing education.
- Generous paid time off and company holidays.
- Collaborative and inclusive company culture with regular team-building activities.
