- Stay up-to-date with emerging technologies and industry trends to continuously improve development processes.
- Contribute to the design and architecture of new and existing systems.

Required Qualifications:

- Bachelor's degree in Computer Science, Information Technology, or a related field.
- 3-5 years of experience in full-stack development.
- Proficiency in front-end technologies such as HTML, CSS, JavaScript, and frameworks like React or Angular.
- Strong experience with server-side languages such as Node.js, Python, Java, or Ruby.
- Familiarity with database technologies such as MySQL, PostgreSQL, or MongoDB.
- Experience with version control systems, preferably Git.
- Solid understanding of RESTful APIs and web services.

Preferred Skills:

- Experience with cloud platforms such as AWS, Azure, or Google Cloud.
- Knowledge of containerization tools like Docker and orchestration tools like Kubernetes.
- Familiarity with CI/CD pipelines and DevOps practices.
- Strong problem-solving skills and attention to detail.
- Excellent communication and teamwork abilities.

Benefits:

- Competitive salary and performance-based bonuses.
- Comprehensive health, dental, and vision insurance.
- Flexible working hours and remote work options.
- Professional development opportunities and access to online learning resources.
- Generous paid time off and company holidays.
- Collaborative and inclusive work environment.
